

Dear Wincanton TC Clerk,

I have been provided your contact details by Pam Williams as I understand you are the best to contact to arrange a meeting with Town Council Members to view and discuss pending applications (20/03222/FUL, 20/03223/LBC, 20/03363/FUL & 20/03364/LBC) at the White Horse. We have recently made good progress with Planning Officers and Historic England and have just returned final proposals for hopefully the last round of consultation. At this time we feel it would be a good point to reach out to local members and key stakeholders to explain the conservation work, scheme rationale and how it meets local needs. The re-submitted proposals drawings are at the link below for your information. A key purpose of the meeting would be for the Town Council to witness the poor condition of the heritage asset and how the proposed conservation work will prevent further decline and offer a renewed lease of life for the building.

We are flexible on dates and times and can work around you. Does the council have a typical date or time to carry out such site visits? Ideally it would be good to meet before the end of the month/early September.

If you do know of any other stakeholders who might find a visit and chat helpful please do let us know and we will try to get them along too.

Drawings can be found at the link:-

If you would like hard copies that can also be posted.

If you have any questions in the meantime please feel free to make contact.

Regards,

Ed
