

You don't often get email from mark.scoot1@outlook.com. [Learn why this is important](#)

Hi Dave

Hope all is well with you and enjoying the constant floods.

We have had the Landscape and Visual Impact Assessment in for the two applications and it's attached as two documents. Do we need to do anything else to formally submit?

We are working on the further nutrient comments and should be able to come back on that shortly.

Regards

Mark
