

Thanks Dave

I have had a look at the details, and the only matter which is possibly incorrect in the parameters document is the statement that the Henstridge development is under construction. As far as I know it hasn't commenced yet, but the 2017 Outline permission has been granted.

The Highway Authority has nothing further to add to those comments already made.

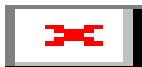

Kindest regards

Adam Garland *MSC MIPROW*

Subject: 22/03560/OUT. Land OS 6975, South of Bowden Road, Templecombe

Adam

The attached TRICS Parameters Note has been prepared by i-Transport on behalf of the applicant in response to various concerns raised by Abbas and Templecombe Parish Council and Henstridge Parish Council and was uploaded onto the website on 23rd May. A third party objection has been received from Deborah Petheram alleging that some of the Parameters Note is incorrect and information has not been factored into the TRICS modelling.

I intend to draw those comments to the attention of the agent but, meanwhile, also draw the Highway Authority's attention to this Parameters Note and the concerns raised by Deborah Petheram and invite any further comments from the Highway Authority accordingly.

Regards

Dave
